A GREAT RAILWAY.

THE

Chicago, Milwaukee & St. Paul

RAILWAY COMPANY

Now Owns and Operates 5,670 Miles of Thoroughly Equipped Road in

ILLINOIS, WISCONSIN,
MINNESOTA, IOWA,
MISSOURI and DAKOTA.

Each recurring year its lines are extended in all directions to meet the necessities of the rapidly populating sections of country West, Northwest and Southwest of Chicago, and to furnish a market for the products of the Greatest Agricultural and Stock Raising Districts of the World.

In Illinois it operates 316 Miles of Track, in Wisconsin 1,304 Miles, in Iowa 1,572 Miles, in Minnesota 1,122 Miles, in Dakota 1,216 Miles, in Missouri 140 Miles,

And the end is not yet. It has terminals in such large cities as

Chicago, Milwaukee, La Crosse, St. Paul, Minneapolis, Fargo, Sioux City, Council Bluffs, Omaha, Kansas City and St. Joseph, Mo.

And along its lines are hundreds of large and small thriving cities, towns and villages. Manufacturing interests are cultivated, and all branches of trade find encouragement. The Railway Company has a just appreciation of the value of its patrons, and its magnificent earnings are the result of the good business tact which characterizes the management of its affairs.

☞ The popularity of the line is attested by the fact that notwithstanding the strongest kind of competition of old and new lines, the CHICAGO, MILWAUKEE & ST. PAUL RAILWAY continues to carry the greater portion of all the business between CHICAGO, MILWAUKEE, ST. PAUL and MINNEAPOLIS. It is the best patronized route between CHICAGO, COUNCIL BLUFFS and OMAHA, and to and from all points in WISCONSIN, MINNESOTA, DAKOTA and IOWA, and its KANSAS CITY AND ST. JOSEPH LINE will undoubtedly take equal rank with the older lines leading to and from the Southwest.

On all its through lines of travel the CHICAGO, MILWAUKEE & ST. PAUL RAILWAY runs the most perfectly equipped trains of

Sleeping, Parlor and Dining Cars and Coaches.

The through trains on all its lines are systematically heated by steam. No effort is spared to furnish the best accommodations for the least money, and, in addition, patrons of the road are sure of courteous treatment from its employes.

TO WHICH IS ADDED

A Complete Classified Business Directory

OF INDIANAPOLIS.

INDIANAPOLIS:
COMPILED AND PUBLISHED BY R. L. POLK & CO.
CARLON & HOLLENBECK, PRINTERS AND BINDERS
1890.

INTRODUCTORY.

The song of the Directory, like Tennyson's song of "The Brook," is

"For men may come and men may go,
But I go on forever."

A great many men and women come to Indianapolis, and while the most remain, some go away. Men may come and men may go, but the Directory lists them all. In a certain sense, it is a universal biography, for, while it does not tell where the citizens of Indianapolis were born, it tells exactly where they can be found in this year of our Lord, 1890, and if any of those recorded present last year have moved away, or gone to join the majority, the fact appears by the absence of their names this year.

Probably few persons are aware of the great amount of careful, accurate and intelligent labor that goes to the making of a Directory for a city like Indianapolis. Without going into details, we may say it occupies a large number of men several months, and that the labor requires great skill, care and fidelity. We aim at absolute accuracy, and are not satisfied with anything less.

The present Directory is the thirty-fifth in consecutive number, and the complete collection is interesting and valuable. This one contains 48,282 names against 46,150 in the last Directory. This includes all the suburbs of the city, which, already a part of it to all intents and purposes, will no doubt soon be legally annexed. At the rate of three persons to a name, which is a fair estimate, the present enumeration would give a population for the city and suburbs of 144,846, or, deducting 15,500 for the suburbs, would leave 129,346 as the population of the city proper. We have no doubt that the census, to be taken by the government in a few months, will verify these figures as substantially correct. We are quite sure the government enumeration can not be more complete or accurate than ours in respect to male adults and heads of families, and we regard the ratio of three inhabitants to a name as entirely fair.

We avail ourselves of this opportunity to congratulate the citizens of Indianapolis on the healthy condition of business and the excellent prospects of the city in all respects.

THE

Indianapolis Institute

FOR YOUNG LADIES.

Boarding and Day Pupils.

Faithful Maternal Oversight to all Enfrusted to Our Care.

Thorough English Course—Collegiate, Preparatory and Primary.

All the branches taught—French, German, Elocution, Drawing, Painting, Vocal and Instrumental Music, etc.

A French lady, graduate, resides in the school, thus affording a better opportunity for learning the French language than is to be found elsewhere in Indianapolis.

The Indianapolis School of Art.—The Art department of the Institute is under the charge of a thorough artist, and offers a complete course of training in all branches of drawing and painting; also instruction in decorative art.

The Indianapolis Conservatory of Music.—The Musical department of the Institute offers a course of instruction as complete and thorough as any school of music in the country.

Pupils received at any time for the full or for partial courses of study.

Diplomas awarded to graduates of the collegiate course, of the School of Art and of the Conservatory of Music.

Owing to growth of school, commodious new buildings, containing every convenience for the accommodation and instruction of pupils, are to be erected on Central avenue, near Seventh street. Until removal to new location, send for catalogue to

HAVING had more than twelve years' successful experience in securing *Letters Patent*, and having also a thorough knowledge of *Mechanics* as well as Patent Law, we continue to offer our services to Inventors and Owners of Patent Property, confident of our ability to give entire satisfaction to those who desire the best protection available for their inventions.

We not only procure Patents, Trade Marks, Designs, Copyrights, Labels, and all forms of Protection granted by the United States and other Governments on works of Invention and Authorship, but we act as Counsel and Experts in litigated cases, or where litigation is expected or threatened. We also make investigations, when a determination of the validity or scope of any existing Patent is desired, upon which to base a purchase of such Patent, or a decision as to whether the manufacture or sale of the invention described in it can be safely undertaken.
